

A time for [new beginnings]

Welcome to the spring issue of Joe Soap's quarterly newsletter. Isn't it amazing how quickly things pick up during springtime? Days are warmer and the evenings more mild. As you start preparing for this busy season we present this month's featured product, Steriwash Sanitizer. In this issue we are also proud to introduce our employee of the month, Prosper Dube.

Check out our new website at www.joesoapcc.co.za.

Product feature [Steriwash Sanitizer]

Steriwash Sanitizer is...

- An anti-bacterial and anti-fungal detergent to be used in places requiring efficient cleaning and anti-microbial action
- A slow acting spray on surface cleaner
- Odour free so it doesn't contaminate the taste of food
- SABS and HACCP approved
- Can be used to soak cutlery, crockery, mops and brooms
- Highly diluted so it lasts a long time

Employee feature [Prosper Dube]

Prosper Dube joined Joe Soap as a driver in 2007, having moved up from KwaZulu Natal a few years earlier. He lives in Thembisa with his wife and two children.

Prosper drives a one ton truck making between 11 and 22 deliveries every day. His day starts at 08h00. He collects his invoices and then pulls stock from the warehouse to load onto the trucks. From there he spends the rest of the day on the road.

The best part of his job? When a customer appreciates him and says thank you!

"I feel like I'm at home... The boss is friendly and the guys I'm working with are like my brothers and sisters."
